

Neuenschwander Doors

Specializing in hand crafted interior & exterior solid wood doors

Neuenschwander Doors

*Create any style, any look,
any mood ...custom built to
your specifications.*

Stunning. Striking. Elegant.

Just some of the reactions we receive after people see the finished customized doors we've crafted for them.

We are honored you are considering us for quality constructed, handcrafted doveled stile and rail, solid wood doors. You'll find that our attention, skill and care helps to ensure your finished creation satisfies and delights you.

These one-of-a kind doors are cut, milled, trimmed and finished from the finest wood species. Our trained master craftsman build these pieces from our shop in the beautiful countryside of Southwest Michigan.

We take immense pride and satisfaction in providing families, business owners, builders and designers with something unique, classic and timeless – built to their requirements. Projects just like yours.

What will bring your vision alive? Turn to us to make it real. This isn't some cookie-cutter composite or hollow core door, pulled from the stock room of a non-caring big box store. We'll work with you one-on-one to develop a plan that leads to your customized piece.

From cozy cottage doors to extravagant entry ways – make the Neuenschwander choice and your home will feel complete.

Enjoy full confidence. We offer a 3-year warranty on all interior doors – free of defects, damage and other problems.

Exclusive design rights (when applicable). When you work with us you have the opportunity to retain exclusive door designs, a feature especially suited for architects, designers and builders.

Built Strong and Right –
Doweled Stile and Rail Construction

Fantastic Finishes –
Variety of quality hardwood casings and trim

Perfectly Punctuated –
Rosettes and Plynth Blocks

Stunning outside doors are a critical component to any home or building. Because nothing else communicates so much: A warm welcome with strength and security.

Exterior door features

- Engineered core
- Double paneled
- Insulated for warmth

Enjoy confidence and peace of mind with doors that are equipped with rugged 3-point or 5-point lock systems.

Many of our doors are unique designs that are created exclusively for particular customers and, therefore, not available for purchase.

You're invited for a personal consultation. Learn about warranty, our approach and how we can deliver a solid wood door made for you. See how Neuenschwander door is the choice that offers additional value from our Old World Craftsmanship and Timeless Style.
