

A large, artistic piece of wood with a prominent grain and a vibrant red resin inlay. The wood is light brown with dark, swirling patterns. The resin is a bright, saturated red, filling the cracks and crevices of the wood. The overall appearance is that of a high-quality, handcrafted wood and resin artwork.

Gallery Collection  
Waterfall Table  
(See page 36)

A wooden table with a resin top featuring a river stone pattern. The stones are in various colors including yellow, brown, green, and grey, set in a clear resin. The table is made of light-colored wood with a visible grain.
